Enriching Talents

MAY 2013

VOL. #1 ISSUE #1

The department of IT started in this college during the academic year 2002-2003; with an intake of 60 students. With its initial suspense and anxiety the growth was steady but with little pace. And now it is headed by an efficient and amicably effective HOD- Prof. George Sebastian with a team of young and vibrant highly qualified teaching faculty. Under their guidance and surveillance, the department started flourishing indicated by the newly published university exam result exceeding 80%, a note-worthy performance with history of this college ever since its inception in 2002. May this department grows brick by brick to heights of academic excellence, under the team work of a group of committed members of faculty.

Dr.N.K.Varghese
Principal, MLMCE

It is our pleasure to share and exchange the events and news of IT departments with peers. We welcome your comments and criticism to improve the initiative of IT department to bring out this newsletter. The IT department has improved a lot since its inception in 2002. Seven batches have successfully completed the B.Tech degree course from the department and majority of them are employed in well reputed establishment.

The Alumini of IT department is a great asset and this first issue of newsletter is dedicated to them.

Prof. George Sebastian

HOD, IT Department

"Becoming a new IT professional means you must actively take the reins....."

○ Amazing Grace..... ○

New Beginning!!!

IT Department was dreaming of a new place for a long time. After such a long term of waiting we shifted to the new building on January 26th 2013. The changes always bring new life, and the same happened with us too. The new one is a big infrastructure investment for our college. It gives big opportunities and challenges to us. It is a large campus with 10 class rooms in each floor and a well equipped lab in the ground floor. This is apart from the MBA block. IT Department is placed at the topmost floor, that is, the fourth floor along with the CS department. There are 5 class rooms allocated for us, though we need only three. Classes are aligned in a way to get easy access and control over the students. Classes are also well furnished and differently designed to be well air-circulated so that the students stay fresh throughout the day. The department is also spacious and furnished. The new Computer lab was inaugurated on 8th April 2013. It has a capacity of 160 seats which is shared by IT and CS department. Lab is equipped with most advance computer systems with all required software installed.

We are thankful to the management for providing us with all these facilities and we are bound to make use of these infrastructure facilities keeping them fresh and new.

Thus Information Technology Department started a new journey by moving into the new building and we hope achieve new heights in future.

“quoted”

“Your best teacher is your last mistake.”
Ralph Nader

STAFF ACTIVITIES

Shaghna Nath R.U.
was elected as the
new Staff Secretary

Jissy Liz Jose qualified
UGC- NET in Computer
Science and Applications.

PAPER PRESENTATIONS

- Nisha K.S., Asst. Prof. of IT, presented the paper "Power Management And Connectivity Efficiency for Mobile Sensor Nodes By 3 Tier Operating Mode" in the International Conference on Global Innovations and Technology and Science-2013 conducted by Saintgits College of Engg, Pathamuttam.
- Vineetha V. Nair. Asst. Prof. of IT, presented the paper "Source And Sink Location Privacy In Wireless Sensor Networks Against A Global Network Maintaining Adversary" in the International Conference International Conference on Global Innovations and Technology and Science-2013 conducted by Saintgits College of Engg, Pathamuttam
- Sajeena M.K., Asst. Prof. of IT, presented the paper "Image Segmentation And Foreground Detection On Outdoor Images By Human Visual Preception" in the International Conference International Conference on Global Innovations and Technology and Science-2013 conducted by Saintgits College of Engg, Pathamuttam

WORKSHOPS ATTENDED

- Jissy Liz Jose, Asst. Prof. of IT, attended a workshop on Network Programming Lab (New scheme) for faculty of IT Department of Engineering Colleges under MG University, organized by Rajagiri School of Engineering and Technology.
- Simy Mary Kurian, Asst. Prof. of IT & Neethu Tom, Asst. Prof. of IT attended a workshop on Network CASE Tool Lab (New scheme) for faculty of IT Department of Engineering Colleges under MG University, organized by Govt. Engineering College, Pinavu sponsored by TEQIP.
